

I am the son of Gary Pierce, and the grandson of David Pierce. After being born and raised here in Litchfield, I went to St. Cloud State and got my bachelor's degree in Insurance/Risk Management. I have been back in Litchfield selling insurance since 2010, and I sell all types of commercial and personal insurance. I have been around insurance my whole life, and have been licensed since 2005 when I was 18 years old.

It is always a pleasure to meet new people around the area that I grew up. Whether you are an individual, family, small business, or large corporation, we all have something that we want to protect in the event of a loss. There is no one person or client that is more important than another. It is my job to make sure that all different types of risk that you face are identified and covered correctly.

Stop in or call me anytime if you have any questions. I will always do my best to handle each customer's needs with an open mind, and with persistence until I have done everything I can do. I look forward to meeting with you, and appreciate your interest in our agency.
